THE ORIGINAL ITALIAN SURFACE

Creati a partire da sabbie di quarzo e resine accuratamente selezionate che subiscono un intenso processo di lavorazione, calibratura e lucidatura, i materiali SM Quartz sono in linea con i rigidi standard internazionali richiesti per l'industria del cibo e per l'uso all'interno degli ambienti domestici. SM Quartz è ideale per diverse applicazioni, dai grandi e prestigiosi spazi commerciali, agli spazi più intimi di cucine, bagni, pavimenti e molto altro.

I piani in SM Quartz sono caratterizzati da alta resistenza ai graffi, basso livello di assorbimento dell'acqua e alta resistenza agli agenti chimici. Le superfici lucide in quarzo sono non porose e altamente resistenti a liquidi e sostanze acide come caffè, vino, succo di limone, olio d'oliva, aceto e cosmetici.

Fascia 1

Dimensione lastra (indicativa)

320×155 cm (Jumbo) **330×165 cm** (Big)

Fascia 2

Dimensione lastra (indicativa)

320×155 cm (Jumbo) **330×165 cm** (Big)

RODI 2 cm

Fascia 3

Dimensione lastra (indicativa)

320×155 cm (Jumbo) **330×165 cm** (Big)

Fascia 4

Dimensione lastra (indicativa)

320×155 cm (Jumbo) **330×165 cm** (Big)

METROPOLIS BEIGE 2 cm

METROPOLIS BROWN 2 cm

METROPOLIS COPPER 2 cm

METROPOLIS DARK 2 cm

Fascia 5

Dimensione lastra (indicativa)

320×155 cm (Jumbo) **330×165 cm** (Big)

Fascia 6

Dimensione lastra (indicativa)

320×155 cm (Jumbo) **330×165 cm** (Big)
